Hi Paul,

As it turns out, to my understanding MART does not lease vehicles or have such a program as mentioned in your email.

Sincerely,

Ivan Roman

Ivan , I have confirmed with the other building that we don't have such a program and don't lease vehicles to vendors.

Thanks

Hi Fatima/Becky,

I am unsure if this falls into the public records request because this vendor is requesting documentation and mentioned a vehicle leasing program all of which I am unfamiliar with so I am just asking for guidance in responding to him. Please advise?

Sincerely,

Ivan Roman

Hi Paul,

You are able to make changes to your capacity manager to reflect times and days of the week you are willing to accept work by visiting the vendor portal and editing your capacity management tab.

Our DDS and EIP programs work differently from our DMA program which you are a part of and they have an RFP every 5 years which just started this fiscal year so they are not accepting applications at this time. However after your company has completed a full year of service with our DMA program your company can ask to be considered for individual trips they often times offer our vendors as single trips but they will not take you into consideration until your anniversary has passed and your company has proven to provide reliable service.

Lastly, unfortunately MART does not pay vendors for no shows. We are very sorry to hear that you have wasted time, energy, gas, and money on trips that you were unable to complete. However these circumstances should be considered when accepting work as they can occur. Vendors rates often times affect the amount of work you will receive and is a very competitive based bidding system. This should also be considered if you are looking to receive more job offers.

Thank you for contacting MART if you have any further questions or concerns please feel free to touch base with Karen, Crystal, or myself.

Sincerely,

Ivan Roman

Good afternoon, are you asking if you can bid on DDS single and direct trips?

You will not be eligible for routes in the DDS, EIP or DMH areas. I can have the staff start offering you trips to provide cost for.

These will be single and direct, cannot be combined with DMA work and cannot be left alone. Driver will have to wait until residential staff or program staff come to vehicle to receive consumers.

Thank you

Stephanie Richard
